

## EMERGING AFRICAN INNOVATION LEADERS G7 exchange & empowerment program for enabling innovation within the next production revolution

AID 11346

The **AfricalnLead** program is focused on **boosting African prosperity through the embracement of the Next Production Revolution (NPR)** sharing comprehensive understanding of innovation dynamics with the aim at educating next generation leaders towards new thinking over sustainable solutions.

The general objective of the project is to **promote Africa embracement of the NPR while enforcing the EU-AU cooperation** on the matter and achieving the mutual benefits and socio-economic innovation that may come when coping this approach with Sustainable Development Goals to promote an equitable and long-lasting prosperity in Africa.

Priority target countries are **Tunisia, Niger, Nigeria, Kenya, Ethiopia and Mozambique**.

The project is implemented by **Politecnico di Milano and Politecnico di Torino** and financed by the **Italian Agency for Cooperation and Development (AICS)**.
